Macintosh IIsi: How to Install A/UX 2.0.1 Incremental Update

Article Created: 17 September 1991

Article Last Reviewed: 3 July 1992

Article Last Updated:

TOPIC -----

How do I install the A/UX 2.0.1 Incremental Update on my Macintosh IIsi?

DISCUSSION -----

First, install the A/UX 2.0.1 Incremental Update on a hard drive attached to a different Macintosh. Then move that hard drive to the Macintosh IIsi.

The A/UX 2.0.1 installation works on a Macintosh IIsi, but the Incremental Update does not.
