Installing CD-ROM INITs On A/UX (7/94)

Article Created: 27 July 1994

TOPIC --

This article describes installing CD-ROM INITs on A/UX.

DISCUSSION ---

Drag the three files listed below into "/mac/sys/System Folder" from the CD
installer disks. It is preferable to use version 4.0.2 or later.

Note: The CD installer disks should not be used to install these files under
A/UX. Also the "Audio CD Access" file will not work in the base A/UX
configuration, and requires an unsupported newer SCSI Manager to operate.

• Foreign File Access
• High Sierra File Access
• ISO 9660 File Access
