A/UX: NFS and AppleShare Volumes on LocalTalk (9/94)

Article Created: 12 October 1990

Article Last Reviewed: 6 September 1994

TOPIC -----

What applications are available that let an A/UX system serve as a file server for a Macintosh network over EtherTalk?

DISCUSSION -----

In A/UX 3.0, System 7's FileSharing is completely supported and allows this kind of access.

Here are some systems that make it possible to mount NFS volumes (whether A/UX or UNIX) as AppleShare volumes on a LocalTalk network:

uShare from Information Presentation Technologies

GatorShare CS from Cayman.
