Ethernet NB Card: Works Under A/UX 2.0.1 for Native TCP/IP

Article Created: 19 November 1991

Article Change History

08/31/92 - REVIEWED
 o For technical accuracy.

TOPIC -----

Does the new Apple Ethernet NB Card under A/UX 2.0.1 work for native TCP/IP communications?

DISCUSSION -----

Yes, the new Apple Ethernet NB Card does work under A/UX 2.0.1 for any TCP/IP communication. Note that there is a special driver ("as") that you need to install with the EtherTalk startup disk that came with the Apple Ethernet NB Card package. Follow the instructions in the Apple Ethernet NB Card User's Guide to do the installation for A/UX.
