DECnet/CTERM & AppleTalk-LAT Gateway Don't Run on A/UX (8/93)

Article Created: 30 October 1991

Article Reviewed/Updated: 3 August 1993

TOPIC -----

Are either of these compatible with A/UX 2.x or 3.x, now that adsp is available for A/UX?

- DECnet for Macintosh using CTERM Tool
- The upcoming (PATHWORKS 1.1) AppleTalk-LAT Gateway

DISCUSSION -----

Neither works with A/UX. The AppleTalk-LAT Gateway doesn't work on A/UX because it requires LAT, which does not work on A/UX.
