## GNU C compiler for A/UX: Where To Find It

Article Created: 13 June 1991

### Article Change History

-----  
08/31/92 - REVIEWED

- For technical accuracy.

### TOPIC -----

Where can I find the latest version of the GNU C compiler for A/UX?

### DISCUSSION -----

The GNU C compiler for A/UX, a public domain program, is available on both aux.support.apple.com (130.43.6.2) and afsg.apple.com (192.1.34.2) systems via 'anonymous' ftp.

If you are on the Internet, 'ftp' to either of the systems, in aux.support.apple.com, do 'cd aux.patches/unsupported/2.0', in afsg.apple.com, do 'cd pub'

The files you need are:

    README.gcc  
    gcc-1.39.bin.tar.Z

Copyright 1991 Apple Computer, Inc.
