Apple IIc: Battery packs

Two battery packs available for the Apple IIc are listed below. Both battery packs support many hours of continuous use and will also act automatically as an auxiliary power source in the event of a power failure.

The Cari Portable Work Station by Discwasher measures 19 x 12 x 8 inches, is made out of cordura nylon and provides up to 6 hours of continuous power. It's big enough to carry an Apple IIc with the Flat Panel Display attached, as well as the Apple IIc Power Supply, a mouse, manuals, software and additional papers. The suggested retail price is \$249.95. For further information, contact:

Maurice Evans
Discwasher Products Inc.
1407 North Providence Road
P.O. box 6021
Columbia, MD 65205
(314) 449-0941

The Prairie Power battery case is 17 x 13.5 x 5.25 inches and is also made of cordura nylon. The removable battery pack and built-in charger provide up to 8 hours of power without recharging. Separate padded compartments are provided for the battery pack, software and the Flat Panel Display. The suggested retail price is \$269.95. For further information, contact:

Maureen Olson
Prairie Power Systems, Inc.
(612) 475-1793

Both products have a briefcase-type handle as well as a removable shoulder strap. The combined weight of a battery pack, Apple IIc and Flat Panel display is about 20 lbs.
