Apple IIc Memory Expansion Card: Using with Apple IIc+ (2/97)

Apple IIc Plus Memory Card: Using with Apple IIc Plus (2/97)

Article Created: 18 May 1989
Article Reviewed/Updated: 12 February 1997

TOPIC ---

This article discusses using the Apple IIc Memory card in the Apple IIc Plus.

DISCUSSION --

The Apple IIc Plus manual, page 110, states, (The Apple IIc Memory Expansion
Card is not designed to be used with the Apple IIc Plus. Ask your authorized
Apple dealer to recommend a compatible card.)

The design of the Apple IIc Plus is such as to render the Apple Memory Expansion
Card unstable, because of timing problems associated with the gate array.

Use of the expansion card in an Apple IIc+ supported by Apple.
