TOPIC -----

I recently received the GS/OS 5.04 disks. I searched for a version number and could not find one.

What is the on-screen version number of GS/OS v5.0.4?

DISCUSSION -----

On bootup, hold down space bar and a text screen will appear. If you have version 5.0.4, the first line should say, "Welcome to the World of GS/OS 3.03".
