## Apple IIGS: Using the AppleShare Print Spooler

Article Created: 13 August 1991

Article Last Reviewed:

Article Last Updated:

TOPIC -----

I have an Apple IIGS on an AppleShare Print Server. The only way I can print is by not spooling. Is there something I'm doing wrong? Will an Apple IIGS spool to ImageWriter?

DISCUSSION -----

The ImageWriter II can be chosen and printed to from an Apple IIGS through the AppleShare Print Server. If you're using Aristotle, the spooled printer must be selected within Aristotle and assigned to yourself.
