Apple IIGS: How To Change The Control Panel Key Repeat Function

This article last reviewed: 13 September 1988

Here's how to reset or disable the key repeat function of the Apple IIGS
Control Panel:

1. Select the Options menu on the Control Panel.

2. Move the asterisk on "REPEAT DELAY" all the way to the right of the
   sliding scale, and the "REPEAT SPEED" all the way to the left.

3. To save these changes, press the Return key.
