Apple Writer IIe under ProDOS: Underlining center justify text

If you center justify a line of text and use the backslash command to
underline it, the leading spaces will also be underlined.

The work around is to use the Control-V sequence outlined in the second part
of the article "Apple Writer IIe: How to underline words".

Here are the keystrokes if you are using an ImageWriter:

Underline
  1. Begins: CTRL-V ESC X CTRL-V
  2. Ends: CTRL-V ESC Y CTRL-V
