LaserWriter Select 310 for Windows: Description (4/93)

Article Created: 5 April 1993

TOPIC --

This article describes the LaserWriter Select 310 for Windows.

DISCUSSION ---

The LaserWriter Select 310 for Windows is a 5 page-per-minute personal laser
printer for people working in Windows computing environments.

The LaserWriter Select 310 for Windows delivers high-quality printed output
from Windows and major MS-DOS applications. It offers 53 scalable fonts,
including such popular standards as Times, Helvetica, and Courier.

To start using the LaserWriter Select 310, simply connect it to your computer.
A Centronics-type parallel interface is included, so there's no need to
purchase additional interface cards or software drivers.

The LaserWriter Select 310 includes a cassette tray that holds 250 sheets of
paper and a manual paper feed for small jobs requiring personal attention.
You can also add an optional 250- or 500-sheet paper tray.

Features

Print Quality

• 300-dpi resolution for quality text and graphics
• Adobe PostScript printing
