LaserWriter Utility: Windows Version Available (5/94)

Article Created: 11 May 1994

TOPIC --

I am trying to locate the LaserWriter Utility for Windows. Where is this located
and how can I obtain this?

DISCUSSION --

The LaserWriter Utility for Windows is enclosed in the disk image for the
LaserWriter Select 360 For Windows because it only started shipping with that
printer. Please note that the LaserWriter Utility for Windows is only supported
for use with the LaserWriter Select 360, LaserWriter Pro 600, and LaserWriter
Pro 630 printers as it was only tested with these printers, however, it will
probably work with our other LaserWriters.
