LaserWriter Utilities for Windows: Models Supported (2/97)

Article Created: 22 February 1997

TOPIC -----

I want to change the configuration of a LaserWriter from my PC. Can you tell me which LaserWriters are supported by the Apple LaserWriter Utility for Windows and which LaserWriters are supported by the Apple Printer Utility for Windows?

DISCUSSION -----

Here is a listing of the printers supported by the two utilities:

Apple LaserWriter Utility for Windows

- LaserWriter 12/640 PS
- LaserWriter 16/600 PS
- LaserWriter Pro 630
- LaserWriter Pro 600
- LaserWriter Select 360

NOTE: Future monochrome LaserWriters that offer printing from the PC environment will be supported by the Apple LaserWriter Utility.

Apple Printer Utility for Windows

- Color LaserWriter 12/600 PS
- Color LaserWriter 12/660 PS

NOTE: Future color LaserWriters that offer printing from the PC environment will be supported by the Apple Printer Utility.
