AppleTalk Remote Access: Compatible Modems (11/94)

Article Created: 5 November 1991

Article Reviewed/Updated: 28 November 1994

TOPIC -----

What modems are compatible with AppleTalk Remote Access 1.0 (ARA) and Apple Remote Access 2.0?

DISCUSSION -----

ARA can work with any modem for which a special modem communications script has been written. AppleTalk Remote Access includes scripts for a variety of popular modems on the disks. Contact your modem vendor for updates to your modem script.

AppleTalk Remote Access includes scripts for the following modems:

v.22/2400 bps Modems
