## ARA on a Quadra 900, 950 or IIfx with Virtual Memory (4/94)

Article Created: 7 March 1994

TOPIC -----

ARA Personal Server and Virtual Memory

DISCUSSION -----

If you are using a Macintosh IIfx, Macintosh Quadra 900, or Macintosh Quadra 950 and have virtual memory turned on, you must open the Serial Switch control panel (included on the Install 2 disk) and set the serial port setting to Compatible.
