AppleShare Client for Windows 1.0.2 and Windows 95 (5/96)

Article Created: 13 October 1995
Article Reviewed/Updated: 31 May 1996

TOPIC ---

Is the AppleShare Client for Windows 1.0.2 compatible with Windows 95?

DISCUSSION --

AppleShare Client for Windows is not compatible with Windows 95. There are third
party vendor products that provide connectivity to LocalTalk, Ethernet or
TokenRing networks. Personal MacLAN Connect by Miramar Systems, runs on Windows
3.1x and Windows 95. COPSTalk for Windows, by COPS, Inc., runs on Windows 3.x
and Windows 95.

This article provides information about a non-Apple product. Apple Computer,
Inc. is not responsible for its content. Please contact the vendor for
additional information.

The Tech Info Library article titled "Locating Vendor Information" can help you
search for a particular vendor's address and phone number.
