Macintosh: Honeywell Bull DPS6 Terminal Emulator

Article Created: 11 May 1987
Article Reviewed/Updated: 27 July 1993

There is a product, called the PC7800, that enables a Macintosh to emulate
a Honeywell VIP7801/7814 so it can interface with a Honeywell Bull DPS6
computer.

PC7800 may be ordered in the U.S.A. from Bull HN Information Systems (formerly
Bull HN), (800) 343-6665. To order the product for delivery in Europe, contact
either Rob Anderson in the U.K. at 44 81 894 5577 or Daniel Pepin in Paris,
France at 33 13 902 4211. To locate a vendor's address and phone numbers, use
vendor name as a search string.

Article Change History:
26 July 1993 - Company title updated from Bull HN to Bull HN Information
               Systems.
1 April 1991 - Updated for technical accuracy.
