## ISDN: Who To Contact For ISDN Service (3/96)

Article Created: 6 Mar 1996

TOPIC -----

This article provides telephone company contact information for ISDN service.

DISCUSSION -----

ISDN service should be obtained from your local telephone provider. Below are telephone numbers for many of the telephone companies across the United States. Call the number corresponding to your local telephone provider.

NOTE: ISDN service is NOT available in all areas of the United States. Typically, you must be within about three miles of the central office equipment, so check with you telephone provider for more details.
