## MAE: Show Patches Installed on Solaris 2.3 or 2.4 (4/95)

Article Created: 19 April 1995

TOPIC -----

What is the line command to show the patches installed on Sun Solaris 2.3 or 2.4?

DISCUSSION -----

The Sun Solaris command used to display what patches have been installed in the system is:

```
showrev -p
```

For more information on showrev, type "man showrev"
