MAE World Wide Web Information (1/97)

Article Created: 10 January 1997

TOPIC ---

Where can I find the latest information from Apple Computer on the Macintosh
Application Environment (MAE)?

DISCUSSION --

MAE provides the ability to run Macintosh software on Unix workstations. Current
technical and marketing information, including a full working demo copy of the
current version can be found at the MAE website. Use the following URL:

http://www.mae.apple.com.
