MacTCP: Needs DDP/IP Gateway For AppleTalk Network (11/94)

Article Created: 20 August 1991
Article Reviewed/Updated: 30 November 1994

TOPIC ---

Can I run MacTCP over LocalTalk-based AppleTalk network system?

DISCUSSION --

To run MacTCP over a LocalTalk-based network, you need a DDP/IP gateway like the
Apple IP Gateway, Kinetics FastPath, or the Cayman GatorBox.

To locate a vendor's address and phone number, use the vendor name as a search
string.
