## PowerTalk Direct Dialup Read Me (3/95)

Article Created: 21 March 1995

TOPIC -----

This article is the PowerTalk Direct Dialup Read Me.

DISCUSSION -----

PowerTalk Direct Dialup Mail allows you to send mail between two computers connected via modem. For instructions on the use of PowerTalk Direct Dialup Mail, please refer to the "PowerTalk User's Guide." To use Direct Dialup mail, you need to have PowerTalk and Direct Dialup mail installed and a modem connected to your Macintosh or PowerBook.

### Installation and Compatibility

-----

Apple Remote Access (ARA) 1.0 is not compatible with Direct Dialup mail. It is automatically removed from your hard disk when you install Direct Dialup mail. To use ARA with Direct Dialup mail, you must upgrade to Apple Remote Access version 2.0 or later.

ARA MultiPort Server is not compatible with Direct Dialup mail. Do not install both ARA Multiport Server and Direct Dialup mail on the same computer.
