System 7.5.5: Won't Work on Some Mac OS Compatibles (10/96)

Article Created: 18 October 1996

TOPIC -----

I have read that System 7.5.5 will not work on some Mac OS compatible computers. Is this correct?

DISCUSSION -----

This is correct. On some Mac OS compatible computers, System 7.5.5 will not work. You should use the version of the Mac OS installed on your Mac OS Compatible computer, or contact the manufacturer of your computer to find out what version of the Mac OS you can use.
