Macintosh 512K: How To Connect To LocalTalk Network

Article Created: 14 June 1991

Article Last Reviewed:

Article Last Updated:

TOPIC -----

Is it possible to connect a Macintosh 512K to an AppleTalk network?

DISCUSSION -----

You do not have to make any modifications to the Macintosh 512K to connect it to a LocalTalk network. All you need is a LocalTalk Locking Connector Kit-DB9, part number M2065.
