## AppleShare 4.0 Not Tested With Centris 650 (5/93)

Article Created: 6 May 1993

TOPIC -----

Does AppleShare 4.0 run on a Centris 650?

DISCUSSION -----

AppleShare 4.0 was NOT tested on the Centris 650. The listed computers; Centris 610, Quadra 700, 800, and 950 were the only computers tested. Although there may not be any reason for AppleShare 4.0 not to run on the Centris 650, because it was not tested IT IS NOT SUPPORTED!
