Macintosh Portable: Internal Hard Drive Can't Be Transferred

Article Created: 15 April 1991
Article Last Reviewed: 28 July 1992
Article Last Updated:

TOPIC -----

Is it possible to use the Macintosh Portable's internal hard drive in another Macintosh?

DISCUSSION -----

No, it's not possible to mount the Macintosh Portable's hard drive in another member of the Macintosh family because it has a unique mounting bracket.
