Macintosh Portable: What Monitors can be Attached

Article Created: 14 May 1991

Article Last Reviewed: 29 July 1992

Article Last Updated: 29 July 1992

TOPIC -----

What monitors can be connected to the Macintosh Portable's monitor port?

DISCUSSION -----

The Macintosh Portable needs a monitor adapter to connect a monitor to its video port. Various third party adapters are available.

For more information, search under "Portable" and "video".
