PowerBook 100: Use Apple HD SC Setup 7.3.2 or Later (10/95)

Article Created: 24 October 1995

TOPIC ---

I am trying to reinitialize the hard drive in my PowerBook 100 using the Apple
HD SC Setup utility on the original Disk Tools disk that came with my computer.
Each time I try, I get an error ID=02. What is wrong?

DISCUSSION ---

This was an issue with the version of Apple HD SC Setup included with your
PowerBook 100 computer. This was fixed with Apple HD SC Setup version 7.3.2
which first shipped with System 7.5. This version is available from online
services.

These articles can help you locate Apple HD SC Setup:

• "Where To Find Apple Software Updates" -- Lists online services for free Apple
software updates.

• "Obtaining Apple Product Support in the USA" -- Lists 800 numbers and online
services for software updates, Apple support information, and a subset of the
Apple Tech Info Library.
