## PowerBook 500 Series Keyboards and Power Icon (8/94)

Article Created: 24 August 1994

TOPIC -----

I've noticed different symbols on the PowerBook 500 Series keyboards (circle w/line, and triangle). What is the difference between the keyboards?

DISCUSSION -----

Apple has used two different icons on the power up key on the PowerBook 500 Series keyboards. One is a circle with a line in it, the other is a triangle that points to the left. Only the Icon printed on the key is different, there is no change in the function associated with the key.
