## PowerBook: Fax Software Sends Faxes in Background (8/92)

Article Created: 10 December 1991

Article Reviewed/Updated: 5 August 1992

TOPIC -----

If I use my Macintosh PowerBook with the internal Fax/Data Modem and the software provided, can I send faxes in the background?

DISCUSSION -----

Yes. After specifying the "Send" information in the FaxSender dialog and clicking "Send", a FaxMonitor takes control and sends the fax in the background.
