PowerBook: Information on Hardware, Software, and Accessories

Article Created: 7 April 1992

TOPIC ---

Where on AppleLink can I find information about hardware and software solutions
for the Macintosh PowerBook series?

DISCUSSION --

Apple publishes the "PowerBook Solutions Guide" and makes it available to the
public on AppleLink. Use BB Pathfinder in the AppleLink Information folder to
scan AppleLink bulletin boards for the location. Search on "PowerBook".

For other PowerBook hardware and software solutions, search on "PowerBook" in
the Tech Info Library and Redgate Macintosh Registry.
