PowerBook: Apple Modem Compatibility Between Models (4/95)

```
Article Created: 21 October 1994
Article Reviewed/Updated: 03 April 1995

TOPIC -----------------------------------------------------------

This article provides information on compatibility of Apple modems between the
differing PowerBook models.

DISCUSSION ------------------------------------------------------

PowerBook Duo
-------------
The Apple modem that ships with the PowerBook Duo 210 and 230 is the Duo Express
Modem.  It isn't compatible with the 100 or 500 series PowerBook computers due
to physical differences between the computers.

PowerBook 160, 165, 165c, 180, and 180c
----------------------------------------
The Apple modem that ships with these PowerBook models is the Express Modem.
This modem isn't compatible with the PowerBook 100, 140, 145, 145B, 150 or 170.

PowerBook 140, 145, 145B, and 170
----------------------------------
The Apple modem that ships with these PowerBook models is the PowerBook Fax/Data
Modem.  This modem is also compatible with the PowerBook 150, 160, 165, 165c,
180, and 180c

Article Change History:
03 Apr 1995 - Minor corrections about Express Modem.
