AppleScript: Maximum Script Length (11/94)

```
Article Created: 10 November 1994

TOPIC -----------------------------------------------------------

When pasting code into a script in AppleScript 1.1, I got an error "Could not
insert text because the text would be longer than it's maximum length."  The
script is ten printed pages in length.

What is the maximum number of characters in a script?

DISCUSSION ------------------------------------------------------

The  maximum number of characters is 30,000.
