Early Language Connections (ELC) & Grady Profile Stack (8/95)

Article Created: 6 May 1994
Article Reviewed/Updated: 9 August 1995

TOPIC ---

I have the Early Language Connections, and I seem to be missing The Grady
Profile in the applications menu of At Ease 1.0. I went to the At Ease setup and
gathered applications, but it did not show up. Now it's telling me there are no
more applications to gather. Where is it?

DISCUSSION --

The Grady Profile Student Index is a HyperCard stack, and therefore will not
show up under the Gather Applications list. For At Ease 1.0 you will need to
make an alias of this item and place it in the At Ease Items folder that resides
in the System Folder. For At Ease 2.0 you will need to use the FIND ITEMS
button, and add it to At Ease that way.
