DAL: No Support for Oracle Long Data Type

Article Created: 3 April 1990
Article Last Reviewed: 6 July 1992
Article Last Updated: 6 July 1992

TOPIC ---

Does Data Access Language (DAL, formerly known as "CL/1") support Oracle's
long data types?

DISCUSSION --

If by long data types you are referring to LONGCHART (their data type that
goes to 1 gigabyte), then no -- DAL does not yet (as of release 1.3.6) support
it. The maximum size that will be supported in a future DAL release that
extends size support is as yet unknown.
