DAL 1.0, 1.1: Incompatibility with HyperCard 2.0

Article Created: 4 March 1991
Article Last Reviewed: 29 June 1992
Article Last Updated:

TOPIC -----

I found a bug with HyperCard 2.0 and DAL (formerly called CL/1). Evidently, the cllputval XCMD does not actually return data to HyperCard 2.0. The cllgetlist XCMD does, however. I am running DAL 1.0, because we have a VMS 4.7 system and cannot upgrade for a variety of reasons.

DISCUSSION -----

The DAL Support group told us that there were known incompatibilities between DAL version 1.0 or 1.1 with HyperCard 2.0. Because you cannot upgrade to a later VMS release to run DAL 1.2, we suggest you not use HyperCard 2.0 with DAL 1.0.
