HyperCard: Rescue Utility for Recovering Stacks (7/92)

```
Article Created: 27 January 1992
Article Reviewed/Updated: 23 July 1992

TOPIC -----------------------------------------------------------

What is Rescue, and how does it releate to HyperCard?

DISCUSSION ------------------------------------------------------

Rescue is a commercial product designed to recover damaged HyperCard
stacks. It may help when you get a numeric error message, indicating that a
stack is corrupt. It's published by Nine to Five software.

To locate a vendor's address and phone numbers, use the vendor's name as a
search string.
