HyperCard: How to Find the Center of a Rectangle (7/92)

Article Created: 16 January 1991

Article Reviewed/Updated: 23 July 1992

TOPIC -----

This little utility script is used to find the point that's at the center of a rectangle.

DISCUSSION -----

```
function centerOfRect rect
  put item 3 of rect - item 1 of rect into width
  put item 4 of rect - item 2 of rect into height
  return round(item 1 of rect+width/2)&","&round(item 2 of rect + height/2)
end centerOfRect
```
