HyperCard: Trigonometric Arc Cosine (7/92)

Article Created: 17 April 1991

Article Reviewed/Updated: 23 July 1992

TOPIC -----

There is no trigonometric arc cosine function built in to HyperCard. Therefore, if you want to find the arc cosine of a value use the method shown here.

DISCUSSION -----

The following takes the arc cosine of the value in field x and puts it in field Result:

```
put (atan (sqrt (1 - fld"x" * fld"x") / fld"x") * 180)/pi into fld "Result"
```
