HyperCard 2.0: Unlocking Stacks Made in HyperCard 1.0

Article Created: 14 June 1991

Article Last Reviewed:

Article Last Updated:

TOPIC -----

When trying to open a HyperCard 1.0 stack with HyperCard 2.0, the file locks up. The problem is that the "Protect Stack" option is dimmed and can't be unlocked. Is this always the case with HyperCard 2.0 and old stacks or is there a way to unlock these stacks and edit them?

DISCUSSION -----

When you launch a HyperCard 1.0 stack under HyperCard 2.0 the stack is protected and cannot be modified. If you want to convert the stack, use the "convert" command in HyperCard 2.0.
