HyperCard 2.0: Problem with Phone Dialer Stack (7/92)

```
Article Created: 1 October 1990
Article Reviewed/Updated: 23 July 1992

TOPIC -----------------------------------------------------------

This stack does not work with many modems.  It does not even work will all
of the modems which are listed in the stack.

DISCUSSION ------------------------------------------------------

At this point, there is no workaround other than re-writing the script.
There are also problems with the HyperCard 2.0 application itself.

Many, but not all, of these problems were resolved in HyperCard 2.1.
