HyperCard 2.1: Tools and Font Menus Can't Be Disabled (7/92)

Article Created: 12 August 1991
Article Reviewed/Updated: 22 November 1993

TOPIC ---

In HyperCard 2.1, you cannot use the disable menu command to disable either
the Tools or Font menus. You can disable all other menus except the Balloon
Help & Applications list menus.

DISCUSSION --

These menus could be disabled in HyperCard 2.0v2, and can be disabled in
HyperCard 2.2.

The Tools and the Font menu can be deleted in HyperCard 2.1 via a script.
