HyperCard 2.x: Focal Point Compatibility (7/92)

```
Article Created: 10 September 1991
Article Reviewed/Updated: 23 July 1992

TOPIC -------------------------------------------------------------

Focal Point is a product that was written using HyperCard 1.x.  It's
designed to help people keep track of appointments and contact lists.  In
its original form, the product does not work with any version of HyperCard
2.x.

DISCUSSION --------------------------------------------------------

Nine to Five Software sells a fix for the product that provides
compatibility with System 7 and HyperCard 2.x.  To locate a vendor's
address and phone numbers, use the vendor's name as a search string.
