HyperCard Pre 2.0v2: Problem with HP DeskWriter (7/92)

Article Created: 12 February 1991

Article Reviewed/Updated: 23 July 1992

TOPIC -----

This article describes a problem printing from early versions of HyperCard to a DeskWriter printer.

DISCUSSION -----

When printing to the Hewlett-Packard DeskWriter, you only get the first page of a short print job and page one and some other arbitrary pages of a long print job. The rest of the pages are blank.

This has been fixed in HyperCard 2.0v2 and later.
