DISCUSSION -----

Font Extension 3 version 1.0.4 fixes a hang (infinite loop) in Japanese Language Kit (JLK) 1.2 when using Adobe Acrobat. This problem was found testing System 7.5.2 on the PowerBook 190. Font Extension 3 version 1.0.3 was made with this fix to ship with the PowerBook 190. 1.0.3 was a 68K only version. Font Extension was later rebuilt as a Fat binary extension to work on both 68K and PowerPC based machines. Apple recommends JLK users upgrade Font Extension 3 to version 1.0.4.
