LaserWriter 8.x: Configuring Paper Trays (3/94)

Article Created: 14 March 1994

TOPIC ---

How can I configure the LaserWriter 8.x software so that it uses the 500 sheet
tray?

DISCUSSION --

Once the LaserWriter 8.x software is installed, it needs to be configured.

1) Open the Chooser
2) Select the LaserWriter 8.x driver
3) Select your printer
4) Click "Setup"
5) Click "Configure". If you don't see the "Configure" button, Click the
   "More Options" button
6) Select your cassette preference:
   • Not Installed
   • Installed
   • Installed and Preferred

After configuring the print driver, those paper tray options appear in the Print
dialog.
