TOPIC -------------------------------------------------------------

What is the availability of MacTerminal 3.0?

DISCUSSION --------------------------------------------------------

MacTerminal 3.0 is the current version of MacTerminal, and you should be able
to order it through your Apple dealer or a software mail order catalog service.

There is no upgrade path for upgrading earlier versions of MacTerminal to
version 3.0. Customers will have to purchase the latest copy of MacTerminal to
get the 3.0 version.
