File Assistant Synchronizer: Using with Systems Earlier Than 7.1

Article Created: 7 June 1993

TOPIC --

This article gives you an alternate procedure to use instead of the "Drag and Drop" set up for establishing a link between two documents for the File Assistant Synchronizer. The Drag and Drop feature isn't available to you with system software earlier than 7.1 installed on your computer.

DISCUSSION ---

Follow these steps:

1) Click the item selection box to select it.

2) Choose Select An Item To Synchronize from the File Menu.

3) Find the file or folder you want to synchronize.

4) Click Select after highlighting the file or folder you want to
   synchronize.

5) Click the corresponding item selection box in the selected pair.

6) Repeat steps 2 through 4 to link the matching file or folder.
